

**SCHEDULE A: PROJECT MANAGEMENT OFFICE RESOURCE****1. Project Management Office Resource Service Description**

Exponential-e's Project Management Office (PMO) provides the following type of resource to the Partner / End User:

- Project Manager (PM) resources
- Project Co-ordinator (PC) resource
- Programme Manager (PGM) resource.

When Project Manager resource is contracted to be provided, a PM will be assigned to the solution and given responsibility for the successful completion of the Project. The PM will manage the Project in accordance with PRINCE2 principles.

When Project Co-ordinator resource is contracted to be provided, a PC will be assigned to the solution in addition and they will provide support to the PM.

When Programme Manager resource is contracted to be provided, a PGM will be assigned to provide overarching governance and reporting on a series of projects and is therefore only available in addition to contracted PM resource.

Where a Statement of Work (SOW) has been signed by the Partner and Exponential-e in conjunction with an Order Form, the PM/PC/PGM contracted resource shall manage the project in accordance with the SOW and provide deliverables in accordance with the SOW. The definition of Contract in the General Terms shall be considered amended accordingly to include the SOW.

Where a SOW has not been signed by the Partner and Exponential-e, the PM/PC/PGM shall undertake the following (as applicable):

- Arrange and attend an internal Exponential-e project kick-off meeting
- Arrange and attend a project/programme kick-off meeting with the Partner / End User
- Arrange and attend a technical solution meeting with the Partner / End User
- Arrange and attend regular project / programme review meetings with the Partner / End User
- Provide a weekly project/programme report over the telephone
- Create, update and provide to the Partner / End User on a weekly basis a Project Plan and RAID report.

The number of Man Days to be provided by the contracted type of resource will be set out on the Order Form (the "Contracted PMO Time"). The Contracted PMO Time is a cumulative amount of time allocated to the Project. Utilisation of the Contracted PMO Time over the course of the project will be recorded and regularly reported on. In the event that additional Man Days are required in order to complete the project in accordance with the above, the Partner shall be required to contract for additional Man Days. For the avoidance of doubt, Exponential-e PMO resources are sold on an allocated time basis; not on a fixed scope of work basis.
